

Oxford Bank Corporation Nominated and Chosen to Receive Distinguished Human Resources Award

Oxford Bank Corporation was notified in October of 2004 that it had been selected as one of "Metropolitan Detroit's 101 Best and Brightest Companies to Work For" by the Michigan Business & Professional Association (MBPA) for 2004.

The MBPA is the largest business organization of small-to-medium sized businesses in Michigan, representing more than 21,000 members who employ more than 160,000 persons throughout the State of Michigan. The group awards this honor to 101 local companies each year.

The award honors those companies that "recognize employees as their greatest assets and work with imagination and assurance to create organizational value and business results through people". To be considered, candidates must be nominated by an individual employee. They are then scored on a point system by an independent market research company and selected by an independent panel.

This is the first year Oxford Bank Corporation has either been nominated or chosen to receive this award.
